## G.S. Mandal's Marathwada institute of technology Aurangabad

B.Tech. Computer Engineering

## Mahatma Gandhi Mission(MGM)

Diploma. Computer engineering

## School (Sant Meera School)

Semi English

July 2023

CGPA: 8.10

Nov 2020

Percentage:81

2016

Percentage: 67

## Summary

Proficient in developing robust applications using **C#**, **.NET**, **MVC**, and **Java** with expertise in **Spring Boot** for creating scalable, enterprise-grade solutions. Skilled in implementing efficient **APIs**, database management (**SQL**), and delivering end-to-end software solutions.

---

## Technical Skills

**Front-end:** React, HTML, CSS.

**Back-end:** API, REST API, MVC.

**Frameworks:** Entity Framework, ADO.Net, Spring-Boot, Hibernate ORM, Connection JDBC.

**Database:** SQL.

**Programming Language:** OOP, C#, Java, Agile Methodology, tracking tool, Waterfall Model, Software development processes.

---

## Experience (Internship)

### Errlates Lab (Internship)

2Months

- Implemented full CRUD (Create, Read, Update, Dalete) operations, optimizing data management and user interactions across applications.
- Developed and maintained web applications using the .NET framework with a focus on MVC architecture, ensuring a responsive and dynamic user interface.

---

## Projects

### Library Management System

2024

(Java, Net Beans, Git, SQL, Connections, Connection JDBC, My SQL, Eclipse IDE)

- A library management system is software that is designed to manage all the functions of a library.
- It helps the librarian to maintain the database of new books and the books that are borrowed by members along with their due dates.
- JDBC helps you to write Java applications that manage these three programming activities: Connect to a data source, like a database. Send queries and update statements to the database.

### Online Exam System

2023

(HTML, CSS, JavaScript Using VS Code)

- Individual Project
- Developed an Exam System app for students to the online Quiz Exam system is a web-based application for technical evaluation. Online examination System not only replace paperwork but also release the workload.

---

## Hobbies

- Designed and developed an Android application for task management. Utilized Java for development.
